

Maternal Medicine Opportunities

South West Maternal Medicine Network (SWMMN)

NBT and UHBW are the maternal medicine hubs for the SWMMN. There is plenty of information, including the MDT schedule and education events, on their website - <https://southwestmaternalmedicinenetwork.nhs.uk/professionals>

SWMMN MDTs

Obstetric medicine	Wednesdays 10:00-11:00
Obstetric cardiology	Tuesdays 12:00-13:00
Obstetric nephrology	Wednesdays (alternate) 11:00-12:00
Obstetric haematology	Mondays (alternate) 15:00-16:00

To join an MDT please email kathryn.mcconnachie@nbt.nhs.uk, the SWMMN support manager to send you a teams invite. Please introduce yourself whenever you join a meeting on Teams.

SWMMN Education Opportunities

See website for more details but there are online education sessions including a monthly case-based discussion ('Moments in Maternal Medicine') and a regional maternal medicine sim day which runs approx. 3 times a year at the NBT Sim Suite. This is a great course to join as a CT1-ST4 and a great course to teach on as a ST5-7.

Local NBT Maternal Medicine Opportunities

MDT

We have a monthly local MDT where we discuss any high-risk/maternal medicine parturients booked at NBT, this is usually the last Weds of the month 12.30-13.15. Please contact helen.johnston@nbt.nhs.uk to join. There is a list of patients in the W&CH drive/midwifery/maternal medicine database file.

Maternal Medicine Ward Rounds

This usually occurs on a Wednesday after the MDTs, before the mat med afternoon clinic. Usually from 1130-1230. This is with Fran Neuberger (mat med physician), Christy Burden (mat med obstetrician) and Stacy Hazlehurst (mat med midwife). Usually on Quantock/CDS. There is a new additional ward round starting on a Thursday 800-1100am on Quantock.

Maternal Medicine Clinic

This is on a Weds afternoon, from 1pm, in Antenatal clinic (the building opposite the main entrance to CDS). This is with Fran Neuberger (mat med physician), Christy Burden (mat med obstetrician) and Stacy Hazlehurst (mat med midwife). Please email Fran or Christy if you'd like to attend. There are other clinics during the week including endocrine and diabetes clinics.

Any queries contact helen.johnston@nbt.nhs.uk
